<p>SSB 1125</p>	<p>A bill for an act relating to state and local revenue and finances by modifying sales and use taxes, the charitable conservation contribution tax credit available against individual and corporate income taxes, the water service tax, property taxes, transit funding, and local option taxes, crediting moneys to the natural resources and outdoor recreation trust fund, making appropriations, and including effective date, retroactive applicability, and applicability provisions.</p>	<p>This bill would adjust property tax credits by lowering threshold requirements for the elderly and military service members as well as phasing out the homestead tax credit while creating a homestead tax exemption. Changes to how water service is taxed is also included, putting all of the funds received into the general fund and not a water quality financial assistance fund. A sales tax increase of 6% to 7% has been proposed that would help fund the constitutionally created Natural Resources and Outdoor Recreation Trust Fund. The bill would also create certain property tax assessment limitations by reducing the percentage of actual value that is assessed of commercial, industrial and railway properties that exceed \$150,000.</p>		<p>Introduced, referred to Ways and Means.
