2022-2023 Cedar Valley Leadership Institute

About CVLI

The Cedar Valley Leadership Institute (CVLI) is a professional development series designed to foster community awareness while developing individual leadership skills. The program gives leaders a broader view of civic leadership responsibilities and opportunities through direct contact with people who shape the Cedar Valley.

Participants of Cedar Valley Leadership Institute will listen to presentations, debate issues, participate in class activities, visit with Cedar Valley business leaders, and tour facilities. Class members will also complete a group impact project of their choosing.

Participation

The Cedar Valley Leadership Institute is comprised of participants who are investors of Grow Cedar Valley and have an interest in leadership roles and community service. Participants will represent a variety of businesses to allow for broad networking across job sectors. ***CVLI sessions meet the first Wednesday of each month October through May, from 8:00am to 4:00pm.*** Participants will be allowed two absences for the duration of the program. Arriving late or leaving early will be considered as a half day absence. We ask that all participants make every effort to attend all sessions. If you must miss one, advance notice of absence is greatly appreciated. All participants will take part in the planning and executing of a community impact project and complete two electives outside of class time.

Program Fee

Tuition is **\$1,850**, paid prior to the first session and is non-refundable. Tuition covers all meals and snacks, materials, books, online assessments, travel and other expenses associated with the program. Early registration is recommended as class size is limited. ***Participants admitted into CVLI will be notified by September 2, 2022.***

Registration will open July 18, 2022

"I was humbled and learned a LOT more than I expected from this program. There were several takeaways that might seem intuitive, but it's totally different hearing firsthand experiences from actual leaders and managers."

- Class of 2019-20 participant
