

WORTH-A-SHOT

Thinking about getting your Covid-19 vaccination? Let us help you with **\$100!**

The vaccine is free, but there can still be financial concerns about getting the shot. We remove those barriers so you can make **YOUR OWN DECISION** to get vaccinated, without financial worries.

Can I get \$100?

- ✓ Are you self-employed and know that having any downtime from work means you don't have any "safety net" for your budget?
- ✓ Are you working two jobs & worried about finding time to get vaccinated?
- ✓ Have you been worried about childcare if you have vaccine side effects?
- ✓ Is thinking about getting gas money for "one more thing" stressing you out?
- ✓ Are you a college student with multiple jobs worried about missing a shift?

Answer **YES** to ANY of these questions? You might qualify for \$100 from Worth-A-Shot, an independent nonprofit that values your decision, time & privacy.

Will I have to fill out a lot of paperwork?

NO, you won't fill out much paperwork! Our application process is designed to take 10 minutes. After reading our one page of terms, get vaccinated & message us a copy of your vaccination card and ID, so we can get you \$100. If you have medical questions about the vaccine, ask your doctor!

What do I do next?

Reach out TODAY. First come, first served.
